

QuickLinks

Celebrate Arbor Month in May!

Plant a Tree in your Community - [Volunteer at one of our tree plantings](#). Or, check out other events at your local city websites.

Learn More about Trees - Check out one of these [Green Books](#) from the library, learn to [ID trees](#) in our region, and watch [kid-friendly tree videos](#) online.

Celebrate Trees - Attend the [Minneapolis Arbor Day Celebration](#), visit the [Minnesota Landscape Arboretum](#), plan a trip to a [state park](#), and play some [kid-friendly tree games](#)!

Take the Challenge - [#31DaysofTrees with the MN DNR](#): Use this hashtag to tag photos of yourself outside with trees for a chance to win state park permits or trees planted in your honor. (Use [#TreeTrustMN](#) too!)

Volunteer for the Earth - [Volunteer](#) with us to distribute trees to happy homeowners. Or, use [Volunteer Match](#) to find other opportunities near you!

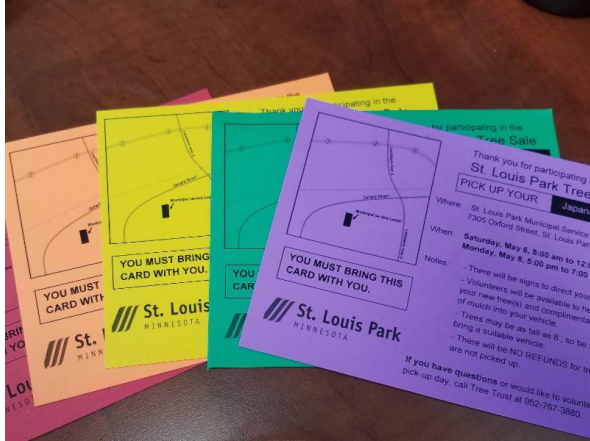

Adopt a Boulevard Tree- [Join Brewing a Better Forest](#)-you and your adopted tree will both get a drink!

Invest in your Community - Consider making a one-time or sustaining gift to a local environmental non-profit. You can [invest in community forestry with Tree Trust](#), or ask your company to add the [Minnesota Environmental Fund](#) to your workplace giving campaign.

St. Louis Park Tree Distribution is Right Around the Corner

SLP residents who bought a tree with us will be able to pick up their trees on May 6th and 8th at the Municipal Service Center in St. Louis Park.

If you purchased a tree in the SLP sale, keep an eye out for your

postcard- you'll need to bring it with you to pick up your tree. Minneapolis residents, your postcards will be mailed soon!

DNR's Arbor Month, featuring Mikaela!

Our very own GreenCorps member, Mikaela, is featured in one of the **DNR's Arbor Month** campaign videos. We asked Mikaela to tell us a bit more about the #31DaysofTrees challenge.

What is the DNR challenge?

The 31 Days of Trees Challenge is all about getting outside and engaging with nature in new ways.

Why did you get involved?

What inspired me to promote the Challenge was the fact that we all live in a forest, and most people don't even realize it. These trees are for us to enjoy and not only do they add beauty to our cities, they provide us with all kinds of services that keep us healthy and happy - they keep our air clean, they take up carbon in our atmosphere, they slow and take up stormwater runoff, they lower stress and mental fatigue, they provide shade and cool our homes, they reduce soil erosion and noise pollution.

We know how trees help us, but how do we help the trees just by getting outside?

Trees give us all these and many more incredible benefits, but it's easy to overlook the fact that we live in symbiosis with trees and that they need protection too. By noticing the trees around us, we can be more aware of when something may be wrong and preserve the function of our trees in our cities.

Want to participate in the DNR's #31DaysofTrees challenge and the chance to win prizes? [Learn more here!](#)

We're on Instagram!

Follow us at [@TreeTrustMN](#).

We're looking for your photos of Twin Cities trees. Tag us, or use the hashtag #TreeTrustMN to show us your best tree photos! You can also use #IsThisAnAsh to ask our forestry staff if you've got an ash tree in your yard.

Tree Trust Support Opportunity

For just a few more days in April, Tree Trust is **Blue Nose Coffee's** nonprofit-of-the-month! 25% of proceeds from their online store will be donated to Tree Trust.

If you know any coffee or tea fanatics, be sure to let them know how they can support a local business

and Tree Trust this month!

Work at Tree Trust

Come join our team! When positions are open, Tree Trust seeks to hire qualified staff and participants. Positions exist in a variety of different capacities and include full-time, part-time, and seasonal positions. [View open positions here.](#)

Current Openings:

YCC Summer Crew Leader

Landscape Construction Technician

Lawn Maintenance Supervisor

Lawn Maintenance and Snow Removal Technician

[Donate](#)

When you donate to Tree Trust, you positively impact environmental health and the lives of thousands of people in your own community. It is through the essential support of our donors and volunteers that Tree Trust has been able to transform lives and landscapes for more than 40 years.
