

## **ANNE-MARIE HENDRICKSON NAMED TREE TRUST DIRECTOR OF DEVELOPMENT**

**MINNEAPOLIS (August 15, 2023)**—Tree Trust, a Minnesota-based nonprofit, today announced the appointment of Anne-Marie Hendrickson as Tree Trust’s Director of Development.

In this role, Hendrickson will lead strategy and operations for Tree Trust fundraising.

Tree Trust centers on young people making our community a greener, healthier place to live, while developing valuable skills that put them on the road to success. Tree Trust programs include tree care, landscaping, property maintenance, and construction, opening a clear pathway to in-demand careers in the skilled trades and making valuable connections to potential employers successfully launching participants into meaningful, family-supporting vocations.

“I’m impressed with the long history of transforming lives and landscapes and look forward to helping Tree Trust continue to grow and have an even greater impact on our community in the years ahead,” said Hendrickson. “In recent years, I have become increasingly interested in environmental sustainability. I’m also a long-time advocate of encouraging more young people to consider careers in skilled trades. Tree Trust combines both of these passions.”

Hendrickson reports to Jared Smith, Tree Trust Executive Director and CEO, who added, “Anne-Marie will work closely with me and the board of directors to grow individual and institutional giving to support the amazing work we do every day. I’m thrilled to welcome her to our team.”

Anne-Marie is a graduate of Hamline University with a bachelor’s degree in business administration and international relations. She has worked in development roles for seven different organizations over the past 20 years, most recently at Greater Twin Cities United Way.
